

BOOKS FOR UGANDA

One of **Parsons Green Prep School's** Year 2 teachers, Shalyn Barrie, recently travelled to Kampala in Uganda to visit a school for orphans and donate stationery and books to them. Maranatha High School in the district of Ggaba in Kampala does important work for vulnerable children, so Shalyn stuffed her rucksack with as much stationery and books donated by her Year 2 class as she could carry. The director was delighted with the new materials, which were soon being put to good use by the children. The two schools are now busy creating links between the Year 2 classes.
