

fast-paced world, girls need more than examination results alone; and the Thinking Skills and Emotional Resilience programmes encourage girls out of their comfort zone, and provide them with the tools and techniques to face potential challenges with confidence and self-assertiveness.

The college ensures that each child feels happy, secure and valued, and it works hard to ensure that having fun and making friends for life are integral parts of a Northwood College education. Being a member of the GDST means that the teachers benefit from the best facilities, resources and training; and that each girl can participate in a host of academic, leadership and career workshops, scholarships, awards and prizes.

PARSONS GREEN PREP SCHOOL LONDON

The school ethos is that how a child learns is as important as what a child learns. Parsons Green has a happy and secure environment where children can have fun, make

friends and learn in a safe setting. The school won the ISA award for Outstanding Provision in STEM for 2016/17 and Year 6 leavers get into the best secondary schools in the country. Children from Year 3 upwards and some of the Year 2s have access to their own tablets, and for a London school, it an unusual amount of outdoor space with an AstroTurf pitch and play areas. Pupils are encouraged

to play chess from Year 1 and it becomes part of the school day from Year 3 upwards. Parsons Green competes against other schools in sports matches and tournaments, and children can learn a wide range of musical instruments.
